PROFESSIONAL SUMMARY

Aspiring Cloud Engineer with a good foundation in Azure, skilled in troubleshooting. Proficient in deploying and managing infrastructure using core Azure tools and DevOps practices. Seeking an opportunity to grow in a dynamic organization that values innovation, learning, and cloud excellence.

PROJECTS

Title-1: 3 Tier Architecture
Tools: Presentation tier, Application tier, Data tier
Description:
•Implemented 3-tier architecture deployment by separating presentation, application, and database layers, improving scalability, security, and maintainability.
•Deployed and managed tiered components independently, enabling efficient load balancing, easier up dates, and reduced system downtime.
Responsibilities:
•Designed and deployed a **3-tier architecture** separating UI, application logic, and database layers to ensure scalability and high availability.
•Managed deployment and configuration of web, application, and database servers across different environments.
•Coordinated secure communication between tiers, implementing authentication, authorization.

Title-2: Azure DevOps CI/CD Automation with Terraform
Tools: Terraform, Microsoft Azure, Azure DevOps, Git, Linux (Ubuntu), NGINX, HTML/CSS
Description:
•Automated Azure infrastructure deployment using Terraform executed through Azure DevOps CI/CD pipelines on a self-hosted agent. Deployed an NGINX-based portfolio website with secure, post-deployment public IP exposure.
Responsibilities:
•Developed and managed Azure infrastructure using Terraform.
•Implemented CI/CD pipelines with artifact publishing and Terraform execution.
•Deployed and validated an NGINX-hosted portfolio on Azure VM.

Title-3: CloudShield DevSecOps Pipeline on Azure
Tools: Azure (VM, ACR, AKS), Terraform, Azure DevOps (CI/CD Pipelines), Docker, Kubernetes, Maven, SonarQube, Trivy, Prometheus & Grafana
Description:
•Implemented an end-to-end DevSecOps pipeline on Microsoft Azure using Terraform, Azure DevOps, Docker, and Kubernetes. Automated infrastructure provisioning, application build, security scanning, containerization, and deployment to AKS. Integrated monitoring using Prometheus and Grafana to ensure application reliability and observability.
Responsibilities:
• Designed and provisioned cloud infrastructure using **Terraform (IaC)**

- Configured a **self-hosted Azure DevOps agent** on Azure VM
- Built CI/CD pipeline for automated **build, test, and deployment**
- Performed static code analysis using **SonarQube**
- Implemented container image security scanning using **Trivy**
- Built and pushed Docker images to **Azure Container Registry (ACR)**
- Deployed application to **Azure Kubernetes Service (AKS)**
- Configured Kubernetes manifests for scalable deployment
- Implemented monitoring and visualization using **Prometheus & Grafana**
- Achieved end-to-end automation with integrated security in the pipeline

---

TECHNICAL SKILLS

- **Microsoft Azure:** VNet Peering, Load Balancer, Azure Bastion, Storage Account, App Service, VM Scale Sets (VMSS), Key Vault, Monitor.
- **AWS Services**: EC2, VPC, IAM, S3, RDS , Route 53, Auto Scaling , CloudWatch, EKS, WAF.
- **Operating Systems:** Linux
- **Version Control & Build Tools:** Git, GitHub
- **Infrastructure as Code & Configuration Management:** Terraform
- **Containers & Orchestration:** Docker, Kubernetes
- **CI/CD & Automation:** CI/CD Pipelines, Azure DevOps
- **Monitoring, Security & Quality:** Prometheus, Trivy, SonarQube

EDUCATION

B. Tech (Electronics and Communication Engineering) **80.06% |2025**
Eswar College of Engineering (JNTU Kakinada)

Intermediate (MPC) **85.3 % |2021**
AP Model Junior College

SSC (10th) **97 %|2019**
Sri Viswasanthi High School

ACHIEVEMENTS

- Secured **3rd Prize** in **CloudShield DevSecOps Hackathon** 2026 conducted by V Cube Software Solutions.
- Successfully coordinated college fest events as Fest Coordinator, managing volunteers, timelines, and logistics to deliver events without delays.
- Awarded **2nd prize** during College Engineering Day for technical quiz and innovation.

CERTIFICATIONS

- Microsoft Azure Certification Training – V Cube Software Solutions, April 2025.
- NPTEL Certificate on **Digital Circuits** Course

DECLARATION

I hereby declare that all the information furnished above is true and correct to the best of my knowledge and belief.
